---

08 July 2019 / Matthew Leacy

## AGENDA

- Find potential clients for the MERN Assignment
- Get basic information so that we can compare and decide on a client

## NOTES

- Received messages back from Greenheart Games and StoreIt Storage Solutions.
- Upon further discussion with potential clients, Greenheart Games seems to be the better option with multiple projects to choose between for the MERN assignment.

## ACTION ITEMS

1. **Further discussion with team required before making final decision.** Make final decision tomorrow and get back in contact with greenheart games for project information.
